

Practical Nursing (C.A.S)

CERTIFICATE OF APPLIED SCIENCE

Student Information and Application Packet

HELENA COLLEGE UNIVERSITY OF MONTANA PRACTICAL NURSE CERTIFICATE OF APPLIED SCIENCE

Updated for SPRING 2025 Start

Application DUE DATE Dec 2, 2024

Applications are subject to change from year to year. It is the student's responsibility to obtain the most current information/ application packet prior to applying to the PN CAS program

Effective April 1, 2024, Helena College Nursing will pause the intake of LPN applications for the Bitterroot College location. LPN applications will still be accepted for the Helena College area.

Revised 4/2/2024

The practical nurse (PN) uses specialized knowledge and skills that meet the healthcare needs of people in a variety of settings under the direction of qualified health professionals. The curriculum focuses on preparation for employment. Students learn practical nursing skills through independent study, lectures, simulation demonstrations, and practice in the skills lab. Under instructor supervision, students also provide patient care in a variety of healthcare settings. The program is approved by the Montana State Board of Nursing.

EDUCATIONAL PROGRAM

Applications for the Practical Nursing (PN) program are accepted each fall for a spring semester start. PN students start classes in the spring, with completion of the program at the end of the fall semester.

Effective April 1, 2024, Helena College Nursing will pause the intake of LPN applications for the Bitterroot College location. This means that Helena College will not be accepting LPN Applications for the Bitterroot location in December 2024 for Spring 2025 semester start. Students currently taking PN prerequisites are welcome to apply to Helena College LPN program, and if accepted will need to do their in-person labs and clinicals in the Helena area.

All coursework is competency-based and is designed to prepare graduates with knowledge, skills, and attitudes to successfully enter the workforce after graduation.

This is a limited enrollment program. Student cohort size is limited by the availability of lab and clinical space. Because of this, the application process is competitive and program applicants are accepted based on criteria found in this packet. **Should the number of qualified applicants exceed the available spaces, not all qualified applicants will be accepted.**

In the PN program, all didactic courses are taught in a **Virtual-Blended format (VB)** by Helena College Nursing Faculty. Exams and standardized tests, skills labs, and clinical experiences will occur face-to-face at the Helena College Campus or for clinicals in health care affiliates in Helena or the surrounding areas.

Practical Nurse CAS Virtual Blended Remote program

In this VB remote delivery method, most of the didactic course instruction will be done in a virtual synchronous mode (**occurs at the same time**) via the internet platform TEAMS. There will be some online asynchronous assignments and coursework, which the student can complete on their schedule.

The face-to-face component of the course, when students **MUST** be on campus, is used for exams, simulations, and hands-on skills labs. Additionally, some lectures may be delivered face-to-face per instructor discretion. Clinicals are all held in Helena or the surrounding area with our clinical affiliates.

Students commit to a full week of Class, Lab, or Clinical work each week. This program, while very exciting, is extremely fast-paced and challenging. There are many reading assignments, quizzes, and written assignments each week. These must be completed outside of class time. Students need to make sure they can dedicate enough time to be successful. A good rule of thumb is that for every class hour, at least 3 hours in preparation or the completion of assignments will be needed. Furthermore, learning in an online environment requires the student to be self-motivated, resilient, and quickly adaptable to learning new technology.

PROGRAM EXPENSES

The PN students will be required to purchase textbooks, software resources, personal equipment, supplies, and uniforms, pay fees, and pay for transportation to clinical sites. Students will need a reliable computer with a camera and microphone and access to reliable high-speed internet. Accepted students must complete a background check prior to the start of the program. Background checks are done at the student's expense, through Castlebranch (information will be sent upon acceptance). The cost of the background check is \$67.00. If needed, students should begin planning early for financial aid to meet their educational needs.

ADMISSION TO HELENA COLLEGE UNIVERSITY OF MONTANA

Students must be admitted to the college prior to submission of the nursing program application and be in good academic standing with the institution. Therefore, no applications will be reviewed unless the applicant applies first to the college and the official transcripts are reviewed by the Registrar.

Acceptance to Helena College requires a completed admissions application file. An application to the college may be obtained by visiting the campus, calling the college (406) 447-6900, or applying online at https://helenacollege.edu/admissions_enrollment/default.aspx

All transfer work has to be from a regionally accredited institution and official transcripts are required to be on file with Helena College's Registrar Office.

ELIGIBILITY FOR ADMISSION INTO THE PRACTICAL NURSE-CAS PROGRAM

All application forms and documents are enclosed in the application packet.

Admission to the Helena College PN CAS program is competitive. *Meeting eligibility requirements does not guarantee admission.*

To be eligible to apply for admission into the Practical Nurse CAS Program, applicants must have the following:

- Evidence of admission to Helena College, a completed admissions file, and being in good academic standing.
- Completed all prerequisite coursework with a "C" grade or higher, and a minimum overall prerequisite GPA of 2.50. Prerequisite coursework can be taken at other institutions, but it is the applicant's responsibility to confirm those courses are equivalent to the program's prerequisites and are transferable to Helena College.
 - Regarding Transferable Courses – send **official transcripts** to the Registrar's Office.
Attach unofficial copies to this application.
- Only students in good academic standing will be eligible for program acceptance.
- Taken the TEAS and received a 65 or higher. (Sign up and pay at the cashier's office)
- Total calculated points 45 or higher (see application scoring)
- All requirements, including immunization records, CPR certifications and others as stated on the application.

The PN applications are **DUE by 5:00 pm Dec. 2, 2024**. Completed program application packets may be hand delivered to the Nursing Department in Helena College, mailed directly to the college, or submitted online.

Late applications will not be accepted.

Please send all application items as a completed packet. Items sent separately and at random are easily lost or misfiled. Incomplete applications may result in disqualification. Helena College is not responsible for any late, lost, or missing information.

--	--	---

It is the applicant's responsibility to ensure that all requirements are met by the established deadline. Deadlines, guidelines, and policies apply equally to all students; thus, there can be no exceptions.

Helena College PN CAS Program does not maintain a waiting list. Applicants must reapply each fall.

NOTIFICATION OF ACCEPTANCE

Students will be notified of acceptance into the program via the email listed on the application. Accepted students must notify the nursing department of their intent to accept their admission, by the date indicated on the acceptance notification letter. **All future correspondence will be sent to the students' Helena College email address.** Accepted students should plan on attending the mandatory nursing orientation, and students new to Helena College will be required to register for and attend the school's orientation as well.

Helena College Nursing is required to comply with the vaccination policies and requirements of our clinical partners for all students doing clinicals. A complete list of vaccinations and certifications can be found on the application on page 7. **Proof of these vaccinations and certifications needs to be completed and submitted along with your application to the PN program.**

Helena College Nursing is not able to guarantee clinical placements for students who are not compliant with clinical agency requirements. **If a clinical agency requires vaccination for its employees, as a student learner, you will not be allowed in the facility for clinical learning unless you comply with facility guidelines.** If you cannot complete clinicals, you will not be able to meet the course learning objectives and, hence, cannot successfully pass the course. We are committed to your education and hope that the student's clinical compliance issues can be resolved at a future date. We will make every effort to facilitate your successful re-entry into the Helena College nursing program to complete your degree. However, because of space limitations, we cannot guarantee placement or re-entry at a particular time.

NURSING PROGRAM POLICY: STUDENT BACKGROUND CHECKS

To promote patient safety and decrease institutional liability, most clinical agencies require students to have cleared a background check before students are permitted in the clinical setting. To meet these requirements, the program **requires that the background check be done prior to starting the program.**

- Background checks are done at the student's expense through Castlebranch. Students with background checks that reveal a finding will be evaluated individually to determine whether they will be eligible for clinical placement and state licensure for their respective degree programs.
- Students are required to go to castlebranch.com to create an account for background checks. More information will be sent after acceptance into the program. **Do not do this before being accepted into the program.**

EQUAL OPPORTUNITY POLICY

The Helena College University of Montana is committed to the provision of equal opportunity for education, employment, and participation in all college programs and activities without regard to race, color, religion, national origin, creed, service in the uniformed services (as defined in state and federal law), veteran status, gender, age, political ideas, marital or family status, physical or mental disability, genetic information, gender identity, gender expression, or sexual orientation.

Practical Nursing Curriculum

PREREQUISITE COURSEWORK

The following courses must be completed prior to admission into the Practical Nursing Program. All prerequisite work must be completed with a minimum grade of C (not a C-) in each course and a minimum cumulative GPA in prerequisite coursework of 2.50. Grades in prerequisite courses are a major factor in ranking applications for program acceptance. Applicants may retake two courses (one retake each) for a higher grade. **Maximum of 2 prerequisite retakes allowed.** The most recent verifiable grade will be used for scoring. (We use the retake grade...even if it is lower)

Students may substitute M121-College Algebra for M120-Math for Allied Health and **both** BIOH 201 A&P I /BIOH 211 A&P II for BIOH 104.
