New Business

Two Lives at a Time Funding Proposal – 4 members presenting as part of their capstone credit. Correction to proposal's name: Improving Two Lives at a Time. Primarily, this is for the creation of a sustainable scholarship fund for young mothers at the Florentine Home. The request is for \$1300; proceeds are for the purchases of food supplies with the remainder to either go towards the scholarship total or back to SGA, per senate's vote. Events presented include Superhero and Little Princess events for the children as well as a Lego building contest. Adults and children are welcome to participate and contribute. This may improve college headcount and local community. They are seeking other methods of funding; SGA is the first one to be petitioned.
