### Standing Agenda Items:

- Review minutes from last meeting (will post to the web next Monday)
- BC Update
- Assessment Committee Update
  - Amy reported – committee discussing ILOs; will form a workgroup to focus on development

### Mastermind Discussion:

- Discuss course evaluation demos (all)
  - Amy's Evaluation:
    - Explorance seems to fit out needs the best; Watermark is not intuitive and most expensive. Anthology also would fit needs and GFC uses as well but customer service not as responsive and recording not working – a lot of red flags, most expensive implementation fee.
    - 8-week implementation at a minimum for all of the tools.
  - Notes:
    - Michaela also liked Explorance and thought Anthology was user friendly.
    - Robyn also favored Explorance because there are broader applications than just course evaluation.
    - Stephanie votes for Explorance.
  - We have initial quotes from the three vendors; Amy will reach back out for best offers.
  - We will have to come up with a plan for spring term; warn faculty they will need to come up with evaluations for spring term.
  - It was decided to use a Canvas survey for spring that Amy will create.
    - Sandy will communicate to the faculty once we have a finalized decision and plan.
  - This also gives us a good opportunity to review the questions we ask of students. This task will be part of the work of the faculty evaluation committee.
- Discussion of major changes in 2025-2027 CBA
  - Reviewed by section and compared to previous CBA
- Discuss faculty evaluation template changes to align with CBA (SH)
  - Move to next meeting for time.

### Follow-ups:

1. Amy will reach out for quotes.
2. Amy will check on limitations of a Canvas survey for this application
