I. Members reviewed the February minutes; Joyce Walborn moved to accept the minutes as written, Therese Collette seconded, all approved.

II. Cindy informed the group that the Montana Silent Witness display has been transported back to Missoula.

III. Elyse talked to the group about one of her students who is doing a project for one of her classes. This student is going to produce a brochure that would connect homeless veterans to helpful and necessary resources. The student was wondering if the committee might be able to help with the cost of printing the brochure, which would be distributed to other college campuses. The committee was interested but would like to see the finished product before committing.
