QWL Priorities for 2016 – 17 (Discussion)
Ben asked the group if there were other events or activities we wanted to sponsor. Mary Ann will check with the YMCA about intramural opportunities.
Habitat for Humanity: Mary will contact to see if there are any projects we can help with.
If anyone has any other ideas for QWL to sponsor, contact Ben.
Open Forum
Mary Ann would like to bring three grant proposals to the group. There is a fund in place from a past wellness MUS program and the money has not been spent. The concern is that the money will revert back to general funds and not be used for its intended purpose. Last spring the wellness champions requested grant money from MUS for "swag" that would supplement the current offerings for the limeade online wellness challenge program. She would like the group to consider using the old wellness money for these items when the program resets in January. She will bring the proposals to the October meeting.
Cari suggested that the campus sponsor a wellness event on campus that could include a fun run and/or health fair.

Meeting adjourned at 3:45 pm.
