Bob Nordmeier demonstrated mind over matter, overcoming an accident that left him partially paralyzed. He became an award-winning athlete, excelled in equestrian events, and was an outstanding skier. He gave of his time both to speak and encourage others as well as to enlist the support of community members.

Monday Tafoya’s special interests were children with disabilities, helping them overcome obstacles and achieve success in their lives. Monday was active in the Special Olympics; she helped her son and other children reach their individual goals. She also worked to promote a diverse and integrated workforce, fostering equal opportunity for all employees.

The Nordmeier/Tafoya Memorial Scholarship Fund was established in honor of two Western Area Power Administration employees that died, along with four other employees, on December 18, 1992, when a Cessna citation crashed on its final approach to Billings Logan International Airport.

Since Bob and Monday were extensively involved in helping people with permanent disabilities, a $1,000 scholarship will be awarded to one or more individuals with a permanent disability. The recipient must also attend a college or technical school in Montana during the 2015-2016 academic year.

The Scholarship is sponsored by Western Area Power Administration in partnership with the Bureau of Reclamation and Risk Management Agency. For additional information, contact: Robin Johnson, 406-255-2820.

PRIVACY ACT STATEMENT
Your Social Security Number (SSN) is required to keep your records straight because other people may have the same name and birth date. We may also use your SSN to make requests for information about you from employers, schools, banks, and others who know you, but only as allowed by the law or Presidential directive. The information we collect by using your SSN may be used for studies and statistics. Giving us your SSN or any of the other information is voluntary. However, we cannot process your application if you do not give us the information we request. Incomplete addresses and ZIP Codes will also slow processing.

INCLUSIONS IN FAMILY INCOME
Family income refers to total annual cash receipts before taxes from all sources. (Income data for a part-year period may be annualized.) These receipts include:
- Gross Wages and Salary - The total money earnings received from work performed as an employee. It represents the amount paid BEFORE deductions for income taxes, social security, bond purchases, etc.
- Net Self-Employment Income - Net income (gross receipts minus operating expenses) from a business firm, farm, or their enterprise in which a person is engaged on his/her own.
- Other Money Income - Money received from sources, such as public assistance payments (including Supplemental Security Income), social security or railroad retirement, unemployment and worker's compensation, strike benefits from union funds, training stipends, alimony, child support, and military family allotments or other regular support from an absent family member or someone not living in the household, private and Government employees' pensions, and regular insurance or annuity payments; and income from dividends, interest, rents, royalties, or periodic receipts from estates or trusts, and Veterans' benefits (i.e., education assistance, compensation payments).

EXCLUSIONS FROM FAMILY INCOME
The following should not be included in the computation of total family income:
- Capital gains.
- Any assets drawn down as withdrawals from bank, sale of property, house, or car.
- Tax refunds, gifts, lump-sum inheritances, one-time insurance payment or compensation for injury.
- Non-cash benefits such as employer-paid health insurance and other employee fringe benefits, food or rent received in lieu of wages, the value of food and fuel produced and consumed on farms, and the imputed value of rent from owner-occupied non-farm or farm housing.

INDIVIDUALS CLAIMING SELF SUFFICIENCY
If you are financially independent and (1) have not resided with your family for more than 6 months consecutively during the past 12-month period and (2) were not claimed as a dependent on another person's Federal income tax return for the last calendar year, you may be considered your own household of one person. If, however, you have resided on another person's Federal income tax return for the last calendar year, you may be considered your own household of one person. If, however, you have resided with your family for more than 6 consecutive months during the past 12-month period, the income of these family members must be reported on this form.

The information presented on this application is subject to verification by the selection committee.

The Rehabilitation Act of 1973 (P.L. 93-112) requires each agency in the Executive branch of the Federal Government to establish definite programs that will facilitate the hiring, placement, and advancement of handicapped individuals. The best means of determining agency progress in this respect is through the production of reports at certain intervals showing such things as the number of handicapped employees hired, promoted, trained, or reassigned over a given time period; the percentage of handicapped employees in the work force and in various grades and occupations; etc. Such reports bring to the attention of agency top management, the Office of Personnel Management (OPM), and the Congress deficiencies within specific agencies or the Federal Government as a whole in the hiring, placement, and advancement of handicapped individuals and, therefore, are the essential first step in improving these conditions and consequently meeting the requirements of the Rehabilitation Act.

The handicap data collected on employees will be used only in the production of reports such as those previously mentioned and not for any purpose that will affect them individually. The only exception to this rule is that the records may be used for selective placement purposes and selecting special populations for mailing of voluntary personnel research surveys. In addition, every precaution will be taken to ensure that the information provided by each employee is kept in the strictest confidence and is known only to the one or two individuals in the agency Personnel Office who obtain and record the information for entry into the agency's and OPM's personnel systems. You should also be aware that participation in the handicap reporting system is entirely voluntary, with the exception of employees appointed under Schedule A, section 213.3102(t) (Mental Retardation); Schedule A, section 213.3102(u) (Severely Physically Handicapped); and Schedule B, section 213.3202(k) (Mentally Restored). These employees will be requested to identify their handicap status and if they decline to do so, their correct handicap code will be obtained from medical documentation used to support their appointment. No other employees will be required to identify their handicap status if they feel for any reason it is not in their best interest to have this information officially recorded outside of medical records. We request only that anyone not wishing to have this information entered in the agency's and OPM's personnel systems indicate this to their Personnel Officer, rather than intentionally miscoding themselves, since false responses will seriously damage the statistical value of the reporting system.

[In those instances where the employee is or was hired under Schedule A, section 213.3102(t) (Mental Retardation), the Personnel Director or his/her designee (a Vocational Rehabilitation Counselor may also be helpful) will assist the individual in completing this form and ensure that the employee fully understands the meaning of the form and the options available to him/her, as noted above.]

Employees will be given every opportunity to ensure that the handicap code carried in their agency's and OPM's personnel systems is accurate and is kept current. They may exercise this opportunity by asking their Personnel Officer to see a printout of the code and definition from their record, by notifying Personnel any time their handicap status changes, and by initiating action in either of these cases to have the necessary changes made to their records. The code carried on employees in their agency's system will be identical to that carried in OPM's system, and any change to the agency records will result in the same change being made to OPM's records.

Your cooperation and assistance in establishing and maintaining an accurate and up-to-date handicap report system is sincerely appreciated.

PRIVACY ACT STATEMENT

Collection of the requested information is authorized by the Rehabilitation Act of 1973 (P.L. 93-112). The information you furnish will be used for the purpose of producing statistical reports to show agency progress in hiring, placement, and advancement of handicapped individuals and to locate individuals for voluntary participation in surveys. The reports will be used to inform agency top management, the Office of Personnel Management (OPM), the Congress, and the public of the status of programs for employment of the handicapped. All such reports will be in the form of aggregate totals and will not identify you in any way as an individual.

Solicitation of your Social Security Number (SSN) is authorized by Executive Order 5957, which requires agencies to use the SSN as the means for identifying individuals in personnel information systems. Your SSN will only be used to ensure that your correct handicap code is recorded along with the other employee information that your agency and OPM maintain on you. Furnishing your SSN or any other of the requested data for this collection effort is voluntary and failure to do so will have no effect on you. It should be noted, however, that where individuals decline to furnish their SSN, the SSN will be obtained from other records in order to ensure accurate and complete data.

Employees appointed under Schedule A, section 213.3102(t) (Mental Retardation), Schedule A, section 213.3102(u) (Severely Physically Handicapped), or Schedule B, section 213.3202(k) (Mentally Restored) are requested to furnish an accurate handicap code, but failure to do so will have no effect on them. Where employees hired under one of these appointments fail to disclose their handicap, however, the appropriate code will be determined from the employee's existing records or medical documentation submitted to justify the appointment.
