DONNA AND WILL HARRIS

CONCEPT:

UNDRESS DE-STRESS REFRESH

CONCEPT STATEMENT:

THE WAY THE DESIGN WILL COMPLETE THE CONCEPT IS THROUGH NATURAL AND RELAXING ELEMENTS. CURVED LINE GIVES A SOFT, FEMININE FEELING. EARTHY HUES, SOUNDS, SMELLS, AND TEXTURES WILL BE THE FOCUS OF THE SPACE.
Many **natural** images surround the word “SPA.” **Calming** scents, sounds, and feelings inspired the design and concept.
Beautiful you

Will provide an array of services to clients and customers. A loose leaf tea and essential oil bar will be the main public portion of the spa. Massage rooms will provide relaxation and healing for muscles and skin. Attached to private changing and shower rooms is a soaking and steamer room. All are equipped with a sound system for natural tones, and a diffuser for aromatic essential oils.
